Experience

Intern ship as Frontend Developer At Varion Advisors Analytics   July 2023 -Oct 2023

– My primary responsibility was to revise, edit, and proofread web content. I honed my skills in crafting engaging and error-free text for various platforms.

– Collaborating cross-functionally, I contributed to enhancing the overall user experience across our web platforms

– Developed Company Website, Employee Attendance Tracking Site, and E Commerce Site.

– Designed and implemented web applications along with 3rd- party software integrations as a web team liaison for all inter- departmental and customer-facing project.

– Documenting bug reports, tickets, and any code changes.

Education
